What is once loved  
You will find  
Is always yours  
From that day.  
Take it home  
In your mind  
And nothing ever  
Can take it away.  
-Elizabeth Coatsworth

## IN MEMORIAM . . .

Roger Balck, a '71 grad of Machine Shop, was shot and killed Nov. 10, 1972, in a service station holdup. A memorial service was held Nov. 14, 1972. Roger left a wife, Linda Smith, also a '71 grad.

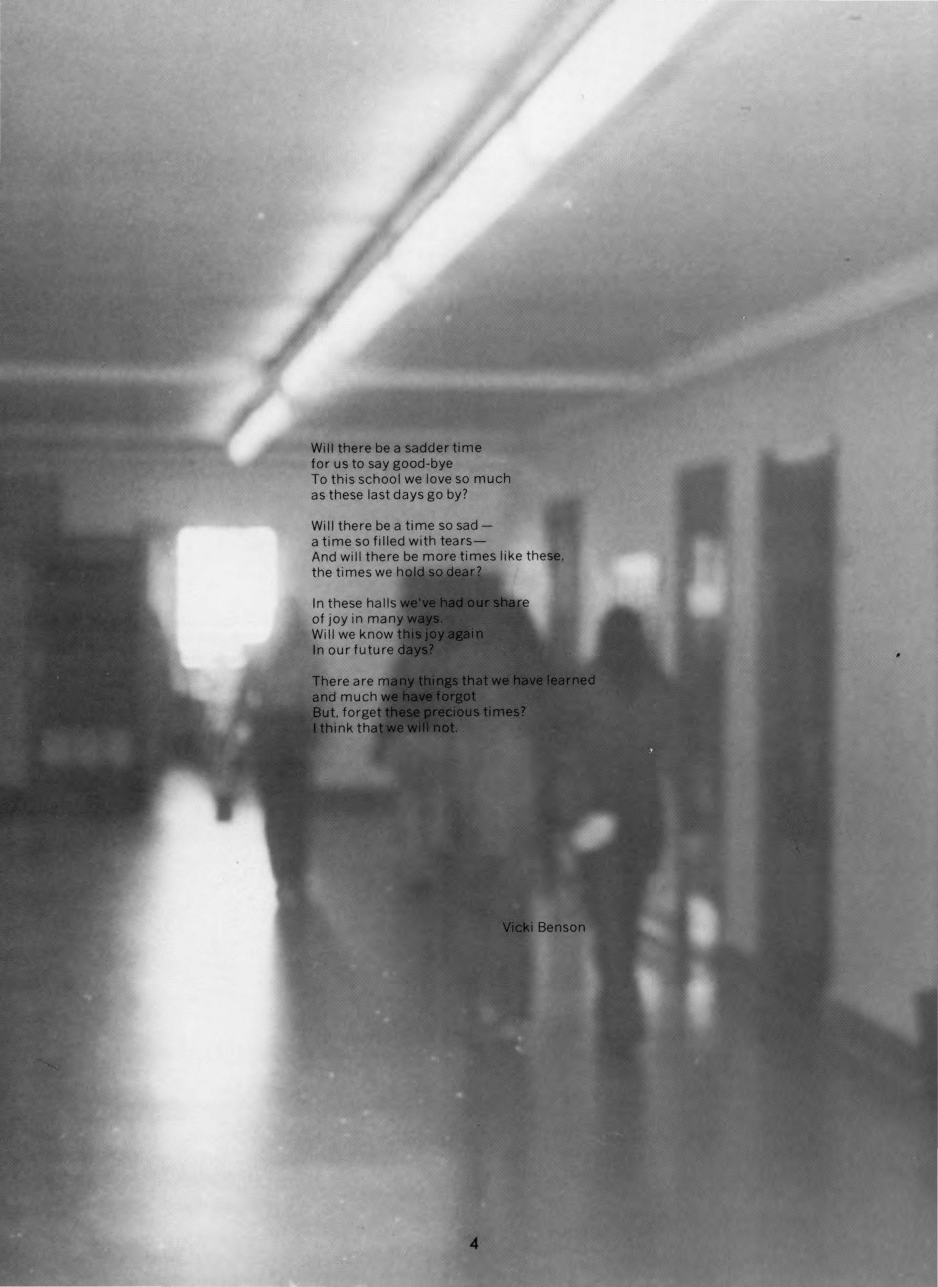

Roger is still remembered by staff, students, and friends. Being active in this school's activities, he participated in cross country and was captain of the hockey team. Friends of Voc wish to extend our deepest sympathies to the families affected.

If I can stop one heart from breaking,  
I shall not live in vain;  
If I can ease one life the aching,  
Or cool one pain,  
Or help one fainting robin  
Unto his nest again,  
I shall not live in vain.

-Emily Dickinson

A black and white photograph of a school hallway. The hallway is long and narrow, with a person walking away from the camera in the distance. The lighting is soft, and the walls are lined with lockers or doors. The overall mood is nostalgic and reflective.

Will there be a sadder time  
for us to say good-bye  
To this school we love so much  
as these last days go by?

Will there be a time so sad —  
a time so filled with tears—  
And will there be more times like these,  
the times we hold so dear?

In these halls we've had our share  
of joy in many ways.  
Will we know this joy again  
In our future days?

There are many things that we have learned  
and much we have forgot  
But, forget these precious times?  
I think that we will not.

Vicki Benson

WE ARE

Other thoughts may come and go  
Other moments I may know  
That may touch me in their going  
As a breath blown to and fro  
Fragrant memories, happy memories

But as memories  
do remain,  
Nomatter how stirring or how plain  
So the thought of you remaining  
Deeply folded in my brain  
Will not leave me; all things leave me,  
You remain.

## THE SOPHOMORE

genus; Febelus Mindus

Found mostly in the gym because thats the only place that soph can remember. Feels rejected but know one knows why. Looks up to seniors because of the seniors greater athletic ability, always goes to class, never forgets that apple for his home room teacher. The soph is easily found he's the one wearing the white socks and the black shoes. Also known as; Hey you, Tyke, Toddler.

## THE SKIPPER

genus; Gonus Allwayus.

This type is found on class lists and never in class rooms. Teachers recognize him by his lack of familiarity. He is practically a myth. Known for wandering the halls aimlessly. He just hangs around school, when he comes. This species is of great quantity at our school. Other common names; Absentee, The Invisible Man, Bill Who?

## THE TEACHER

genus; Superiorus, Intellectus??

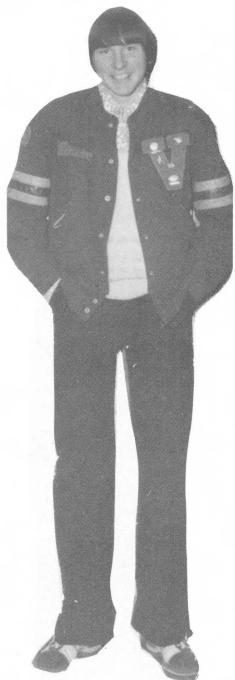

This type is found in every school, he's constantly being taken advantage of. Also stepped on, called inferior. Manipulated by students for their own personal gain. He is taken for granted, used. But at the same time he is by far more intelligent?? Other common names; Push over, Teach.

## THE JUNIOR

genus; Underus, Classmanus

Most likely found in or near the 1st floor door way by the Cos. classes doing what ever the junior does (it has not as yet been actually determined what the junior does) Also known for thinking up the best excuse for being late for class or at least thinking she thought up the best excuse. Causes senior guys to run into walls because he's not watching where he's going. Alias; Chick, Junior,

## THE JOCK

genus; Mouseus Starus Maximus.

His relationship with school is purely physical. Completes many passes, most of which are not on the playing field. Most commonly found roaming the third floor hall in front of the library. Also can be found most often leaving room 218 or coming out of A/B Sporting Goods carrying a stack of freshly bought third year letter bars. Also commonly called; Hot Dog, Great, Hard Guy.

## THE CHEERLEADER

Bounceus, Bodyus.

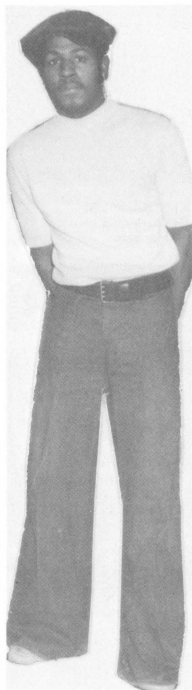

This lovely luscious creature is most often found jumping up and down where ever she goes. Admired by all because of her constant energy flow. Forced to wear cheerleading outfit five days a week. Also very popular with local dry cleaners. Other Aliases; Jockett, Volt Jolter.

## THE COOL HEAD

genus; Immodest Grubus Ultimus

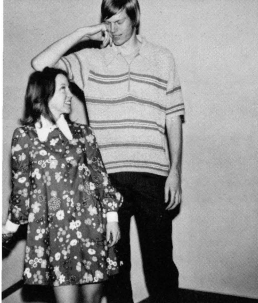

This species is found around or near the year-book or newspaper room. More often than not this type is found just hanging around school looking cool because he is a senior. The quickest way to spot this head is to look for the blue jeans with a pair of gazelle jock shoes and a letter jacket. Also seen at all sports activities yelling his guts out for his team, but at the same time being cool. Also answers to; Hacker, Grub, Rookie, Scrub.

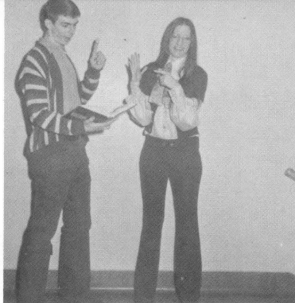

## THE SENIOR

genus; Perfectus, Supercoolus

Could their be anything greater? The senior perfect in every way yet staying consciously modest at all times. The senior being at the highest point one can reach in high school, knows where he is at because he know he is where its at. Often the modest senior proves his definite superiority by being his natural perfect ultimate self. Alias; Hero, Egomaniac, Neat

Ted Joans  
(Submitted By Debbie Haynes)

Loneliness is a type of death-lingering and slow  
An ache one carries deep inside that will not cease to grow  
Loneliness is sleepless nights, long and endless days.  
It clouds the mind and life's seen thru an apathetic haze.  
Loneliness, like cancer, eats away inside.  
Destroys all sense of confidence, self respect and pride.  
Those who live with loneliness lose touch with reality.  
They build themselves a private world of fiction and fantasy  
Lonely people live and die and often are not missed.  
For those who live with loneliness don't really live - they exist.

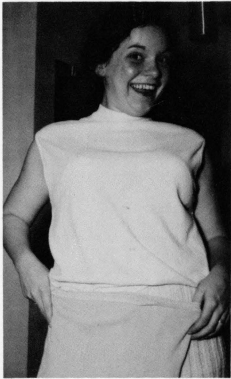

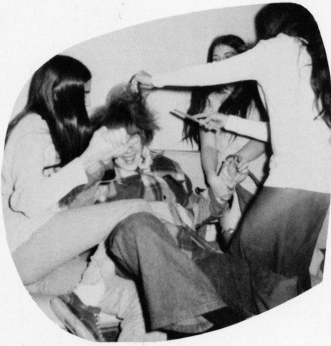

Shelly Johnson

A man said to the Universe,  
"Sir, I Exist!"  
"However," replied the Universe,  
"That fact has not created in me a  
sense of obligation."
